SASA is just around the corner in September and this year it will be held in Myrtle Beach SC, September 16-19. We always have a great crowd for Myrtle Beach so I would expect no less this year. I have provided a list of attendees for the Patrol to our temple office for SASA registrations based on those who replied to my emails and phone tree announcements. I did include all folks who are participating on the drill team. If you did not reply you will have to register upon arriving in Myrtle Beach. Thanks to all who did return calls/emails. We have made arrangements for the Patrol to have a hospitality room in a suite as in the past while at Spring Maid. To make your room reservations please call Spring Maid directly @ 866-764-8501. Each Patrol member attending SASA will be responsible for making their own reservations. To get what you need please call soon!!!!

SASA Drill Team practice begins Friday July 30 and continues into September. See schedule below. Drill team members need to make every effort to be there for practice.

Nobles PC Max Garrison, PC Ben Pigg and myself met with speedway folks this week and as it looks at this time we will not be there in October. If anything develops they will contact us about a contract. Just providing the latest information we have at this time.
